

2024 County School Association of America Conference

University of Toledo

Center for Performing Arts

June 9-12, 2024

"Great Lakes, Great Schools"

Make Your Plans for Toledo 2024

Toledo is situated on the banks of the Maumee River and on the shores of Lake Erie in Northwest Ohio. A short drive to beaches, lake-side parks and ferry access to popular island destinations, Toledo offers both the cultural amenities of a big city and close-knit feel of a small town...Here you'll also find fascinating history and countless country schools!

Toledo is home to a number of large industries, including Libbey-Owens-Ford, Libbey Glass, Owens-Corning Fiberglass, Owens- Illinois, and the Jeep Corporation. Because of its proximity to Lake Erie, shipping is also a major industry and about 2,000 U.S. and foreign vessels visit the city annually.

The University of Toledo is located in Toledo, Ohio, a mid-sized city 100 miles west of Cleveland and 50 miles south of Detroit. The Center for Performing Arts is a comfortable and inviting venue for all our CSAA participants. JOIN US! Be a presenter or an enthusiast!

Call for Proposals will be posted on October 31th, 2023 with our easy on-line submission form! Call will end February 15th, 2024.
